Dear Art:

I received your tape a few weeks ago. However, I was in Florida when it arrived and have just now gotten around to hearing it.

I must commend you on your effort. I realize the tape is not professionally done but your sincerity in copying the arrangements is quite sincere.

Keep on working on your own style and I'm sure with your determination and love of the guitar you will develop into a fine musician.

Thanks for taking the time to make and send me the tape. I appreciate your efforts.

Best of luck to you.

Sincerely,

Dear Art -

I've been away most of the summer and that's why I haven't been in touch with you.

As you can see by the above, Project 3 have moved their offices. I'm sorry I wasn't in when you called but as I told you before, I'm only there when I'm involved in a new album. I finished my newest album in June (Quad guitars) and took off right after. I've been involved in moving to a new home and that has taken up most of my time this summer. I expect to be in N.Y. around the middle of September when I'll be planning a new album for the fall.

I hope all is well with you and your family. Sincerely - Tony Mattoni

Dear Art;

I am so very sorry to hear about your accident.

I was really looking forward to hearing from you when you got to New York. In fact, when I read in the papers that the Lettermen were opening at the Waldorf on the 26th and I hadn't heard from you, I thought perhaps you were tied up with rehearsals.

I hope by the time you receive this letter you'll be feeling better.

All my best wishes for a speedy recovery and regards to your folks.

Sincerely,

Tony Mottola
